How do you folks not see this is good for sc? Most cities don't have enough taxis to fulfill need. Through your decision, you are putting more drunk drivers on the road.

To whom it may concern,

Uber should be allowed in South Carolina! Your Fort Sumter-esque bombardment of this private enterprise's operation not only hampers the free market, it reveals the state of South Carolina to be what it truly is: NOT a land of freedom, and NOT a land of progress, but a regressive, anemic society run solely in the interest of selfish cronies!

I remain,

Ross Scarborough

To Whom It May Concern,

Uber is the greatest, safest, and most comfortable way to get around. It is probably one of the better start-up ideas to come to consumers in several years. I have not chosen to a taxi since my first Uber ride. The cease & desist order to Uber is unfounded, unnecessary, and frankly, ridiculous. My family & I certainly hope this decision is reversed. Soon.

Respectfully,

We love Uber in Chicago and NYC and have already used them in Chicago. The convenience of being prepaid and not exchanging cash is wonderful and calling Uber takes so little effort and time.

A great company! Please move forward and allow them in SC!!!!

(specifically Charleston)
